

Machine Model: CMH-76

Manufacture Of Cansa Makina
Strong Gear System

Technical Specifications:

- NC system pipe bending machine with gear system
- Maximum bending capacity 76X3 mm diameter
- Hydraulic clamp
- Hydraulic mandrel
- Hydraulic support
- Max. 190 bending angle
- Bending degree with encoder
- Electric motor driven
- Precise bending with brake motor
- External brake lining cooling fan
- 7" color touch screen
- Manual or automatic operation on the screen
- Ability to see daily / total amount of production on the screen
- Ability to control the tightening times of moving parts and to hold the desired pressure on the screen
- To follow error messages on the screen and on the watch page
- Foot pedal or button control optionally
- Ability to record 1000 different programmes
- Mandrel length 3150 mm.
- Max. hydraulic pressure 140 bar
- Total motor power 13 kW
- Safety plate with pro-switch
- Supported bend arm and bottom arm
- Electrical panel safety lock and panel lock with key
- Two years guarantee; technical service and training confidency by CANSA MAKINA
- Suitable for CE
